## **INTERFAITH ACTION ON GENDER-BASED VIOLENCE**

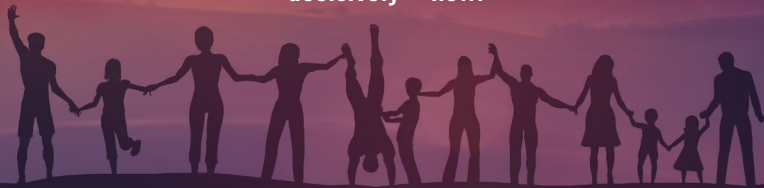

### **Launch of an Interfaith Statement and Signature Campaign**

At the launch, believers from all faiths will come together to sign a statement symbolising their commitment to address GBV and femicide.

This is a kairos moment, a critical moment in history – the faith sector is coming together with one shared purpose: to put an end to GBV and femicide.

This is a transformative campaign to mobilise and equip faith leaders and communities in the mission to prevent GBV and respond effectively to it, as outlined in the National Strategic Plan on Gender-Based Violence and Femicide.

Together, we can make a difference... God knows, South Africa needs us to act decisively – now!
